

## Television Show

### *FOX News Rising*

Waking up at 5:30 in the morning isn't anything most people look forward to. But that's when FOX's morning show comes on and watching the humorous, energetic, and entertaining cast is a great supplement to that cup of joe that gets you going. Concord native and co-host Beth Troutman is a star, and fellow host John Wilson is like your best friend from college. Even weatherman Malachi Rodgers has a sense of humor. Between the joking, constant ribbing, and face-making, and the fact that the show reports mostly light-hearted news, it makes starting your daily grind a little easier.
